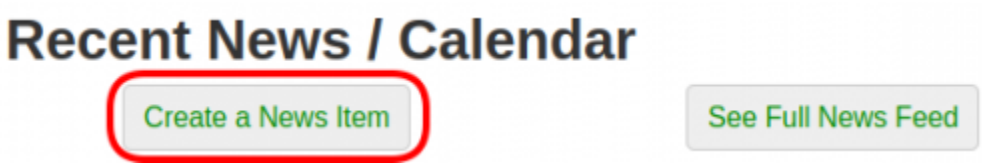
What's New on the Website

This is a running post that we can bump back up to the top whenever we make significant changes or add sections to the website.

News Feed

- New Moved the News feed links from the sidebar to the front page:



How-To

- New Welcome to the Club! page for new members.
- APRS on Windows computer with signalink.
- Winlink P2P messaging.

Links Page

- New Removed the Swap Shop page from our website to make room in the header and added a link to the BC Swap on the links page.
- VE7HZF combined the BCARCC 2m and 70cm pdf repeater lists into one spreadsheet. It's posted in the VHF/UHF Repeaters Section.
- There are new links in the Scanner Frequencies Section to search commercial frequencies. Feel free to add more to the list if you know of other good sites.

Emergency Page

- VE7HZF did a lot of work on the Emergency Main Page and
- Reformated VE7XNC's excellent “Sunshine Coast Emergency Communications” pdf document to integrate it into the website on this page

Echolink Log

- The Echolink connection logs in the Member's Corner have been broken up by month instead of one giant file. VE7HZF will try to update every month or so.
