

What's New on the Website

This is a running post that we can bump back up to the top whenever we make significant changes or add sections to the website.

News Feed

- **New** Added tags to each post using the year and month¹⁾ to add filtering and sorting capability to the list.
- **New** Edited the News Feed html template and started sorting the [Full News Feed](#) page.
- Moved the News feed links from the sidebar to the front page:

Member's Page

- **New** Page for users to update their [website password](#)
- **New** Updated the [Echolink log](#)

How-To

- **New** [Basic Ham Course Material](#)
- [Welcome to the Club!](#) page for new members.

Links Page

- Removed the Swap Shop page from our website to make room in the header and added a link to the [BC Swap](#) on the [links](#) page.
- VE7HZF combined the [BCARCC](#) 2m and 70cm pdf repeater lists into one spreadsheet. It's posted in the [VHF/UHF Repeaters Section](#).
- There are new links in the [Scanner Frequencies Section](#) to search commercial frequencies. Feel free to add more to the list if you know of other good sites.

Emergency Page

- VE7HZF did a lot of work on the [Emergency Main Page](#) and
- Reformatted VE7XNC's excellent "Sunshine Coast Emergency Communications" pdf document to integrate it into the website on [this page](#)

Echolink Log

- The Echolink connection logs in the [Member's Corner](#) have been broken up by month instead of one giant file. VE7HZF will try to update every month or so.

1)

For the tags to work, the month must be formatted as the first three letters: Jan, Feb, Mar, Apr, May, Jun, Jul, Aug, Sep, Oct, Nov, Dec
