# What's New on the Website

This is a running post that we can bump back up to the top whenever we make significant changes or add sections to the website.

News Feed

- New Added `tags` to each post using the year and month[1] to add filtering and sorting capability to the list.

- New Edited the News Feed `html` template and started sorting the Full News Feed page.
- Moved the News feed links from the sidebar to the front page:

Member's Page

- New Page for users to update their website password
- New Updated the Echolink log

How-To

- New Basic Ham Course Material
- Welcome to the Club! page for new members.

Links Page

- Removed the Swap Shop page from our website to make room in the header and added a link to the BC Swap on the links page.
- VE7HZF combined the BCARCC 2m and 70cm pdf repeater lists into one spreadsheet. It's posted in the VHF/UHF Repeaters Section.
- There are new links in the Scanner Frequencies Section to search commercial frequencies. Feel free to add more to the list if you know of other good sites.

Emergency Page

- VE7HZF did a lot of work on the Emergency Main Page and

- Reformatted VE7XNC's excellent "Sunshine Coast Emergency Communications" pdf document to integrate it into the website on this page

Echolink Log

- The Echolink connection logs in the Member's Corner have been broken up by month instead of one giant file. VE7HZF will try to update every month or so.

[1)](#)
For the tags to work, the month must be formatted as the first three letters: `Jan, Feb, Mar, Apr, May, Jun, Jul, Aug, Sep, Oct, Nov, Dec`
