

# New Site Template

Unfortunately, it looks like the old [20Cones](#) template we were using hasn't been updated since 2014 and it was starting to cause issues with some other parts of the website. Until I find a better template, I reverted back to the default with some customization.

The old template:

This screenshot shows the old website template. The header is dark with the club logo and name on the left, and search, admin, and log out options on the right. A green navigation bar contains links for Home, Club Info, Nets, Emergency, How-To, Refs, Links, History, Photos, and For Members. The main content area has a 'Welcome' section with introductory text and buttons for 'Create a News Item', 'See Full News Feed', and 'Edit'. Below is a 'Recent News' section with two items: 'Decoding James Web Telescope' and 'Temporary VE7SCK Crossband Link DISCONNECTED'. On the right, there is a 'SCARCS Calendar' showing the date as Tuesday, December 28, 2021, with a 9:30am Net and a Thursday, December 30 event.

The new template:

This screenshot shows the new website template. The header is light grey with the club logo and name on the left, and user information (Logged in as: Patrick, VA7FI (va7fi)), update profile, admin, and log out options on the right. A search bar and links for 'Recent Changes', 'Media Manager', and 'Sitemap' are also present. A light grey navigation bar contains links for Home, Club Info, Nets, Emergency, How-To, Refs, Links, History, Photos, and For Members. The main content area has a 'Welcome' section with introductory text and buttons for 'Create a News Item', 'See Full News Feed', and 'Edit'. Below is a 'Recent News' section with two items: 'Decoding James Web Telescope' and 'Temporary VE7SCK Crossband Link DISCONNECTED'. On the right, there is a vertical toolbar with icons for editing, calendar, media, and navigation.

Things that are still missing:

- A better top navigation bar that collapse properly on mobile devices.
- A sidebar
