News Item Example

This shows where in the video I explain this section → 06:49

This is an example to show people how to post a news item. See here for more info and to see a video of how this post was created. And if you just want to play around and try stuff, use this playground page.

Here's a video going through how this page was created:

This is a right-aligned picture and the text is showing on the left. I'm adding a bunch of extra lines after this using \\ so that the next picture shows below instead of on the left with the text.

Here's a centred picture:

As a whole line using two $$ signs:

$$\frac{\sin x}{n} = 6 \qquad (``\text{six}'' \text{ get it?})$$

Or inline using only one $ sign: $\frac{\sin x}{n} = 6$

Other Plugins

There are a lot of plugins installed on this site that are not explicitly explained on the syntax page. However, they are all listed at the end of the syntax page, and each has a link where more information can be found on how to use it.
