# News Item Example

This is an example to show people how to post a news item. See here for more info and to see a video of how this post was created. And if you just want to play around and try stuff, use this playground page.

Here's a video going through how this page was created:

Attaching Files

This is a right-aligned picture and the text is showing on the left. I'm adding a bunch of extra lines after this using \\ so that the next picture shows below instead of on the left with the text.

Other Plugins

There are a lot of plugins installed on this site that are not explicitly explained on the syntax page. However, they

are all listed at the end of the [syntax page](#), and each has a link where more information can be found on how to use it.
