

LinHT

LinHT is an open source, all-mode, Linux-based, SDR handheld transceiver currently being developed. The project is still in its very early stages, but it looks really interesting! Here are some links:

- [Introductory article](#) from Aug 18, 2025 by one of the developers.
- [Quick update](#) from Nov 28, 2025
- [Project Wiki](#) with lots more information and links.
