> Each year Sunshine Coast Search and Rescue (SC SAR) presents the Top Pick Award to a member who has given a lot to the group over the previous year. This year the award was given posthumously to Eileen Bonaguro for her tireless dedication towards training, especially first aid. Each SC SAR member must be trained in first aid and Eileen not only taught the first aid courses to our members on a yearly basis but was also there to coach us on first aid on virtually every practice we had as well. She was a wonderful leader, friend, instructor, and mentor.
>
> She will be greatly missed.
