

# VOIP

- More details on: [Groups.io](https://groups.io)

FreePBX If you're interested in having your own mesh phone extension on our local pbx, please reach out to either Devan or Kyle for setup instructions. Most of our users have Cisco SPA525G devices, however any IP Phone with SIP firmware will function.

We have a weekly aredn net every other Sunday on our conference line, and zoom meetings alternating Sunday's each at 7pm respectively.
