## **Study Sections**

- Introduction to Ham Radio
- Wave Modulation
  - Wave Modulation Math (optional)
- Math Basics
- Operation and Procedures (B-002)
  - Ham Codes
  - VHF/UHF Operation and Procedures
  - HF Operation and Procedures
  - Emergency Operation and Procedures
- Radio Wave Propagation (B-007)
  - Refraction and Reflection
  - Propagation
  - o Polarization, Scatter, and other phenomena
  - Wave Interference
- Station Assembly, Practice and Safety (B-003)
- Basic Electronics and Theory (B-005)
- Circuit Components (B-004)
- Feedlines and Antenna Systems (B-006)
- Interference and Suppression (B-008)
- Regulations and Policies (B-001) (in progress)
