

Ham Basics	About The Test	References	Study Sections
----------------------------	--------------------------------	----------------------------	---------------------------------------

Study Sections

- [Introduction to Ham Radio](#)
- [Wave Modulation](#)
 - [Wave Modulation Math](#) (optional)
- [Math Basics](#)
- [Operation and Procedures \(B-002\)](#)
 - [Ham Codes](#)
 - [VHF/UHF Operation and Procedures](#)
 - [HF Operation and Procedures](#)
 - [Emergency Operation and Procedures](#)
- [Radio Wave Propagation \(B-007\)](#)
 - [Refraction and Reflection](#)
 - [Propagation](#)
 - [Polarization, Scatter, and other phenomena](#) (**Under Construction**, VE7HZF)
 - [Wave Interference](#) (**Under Construction**, VE7HZF)
- [Station Assembly, Practice and Safety \(B-003\)](#)
- [Basic Electronics and Theory \(B-005\)](#)
- [Circuit Components \(B-004\)](#)
- [Feedlines and Antenna Systems \(B-006\)](#)
- [Interference and Suppression \(B-008\)](#)
- [Regulations and Policies \(B-001\)](#) (in progress)
