

Ham Basics	About The Test	References	Study Sections
----------------------------	--------------------------------	----------------------------	---------------------------------------

Study Sections

- [Introduction to Ham Radio](#)
- [Wave Modulation](#)
 - [Wave Modulation Math](#) (optional)
- [Math Basics](#)
- Operation and Procedures (B-002)
 - [Ham Codes](#)
 - [VHF/UHF Operation and Procedures](#)
 - [HF Operation and Procedures](#)
 - [Emergency Operation and Procedures](#)
- Radio Wave Propagation (B-007)
 - [Polarization](#)
 - [Refraction, Reflection, Scattering, Diffraction, Interference](#)
 - [Propagation](#)
- [Station Assembly, Practice and Safety \(B-003\)](#) **Under Construction: VA7FI**
- [Basic Electronics and Theory \(B-005\)](#)
- [Circuit Components \(B-004\)](#)
- [Feedlines and Antenna Systems \(B-006\)](#)
- [Interference and Suppression \(B-008\)](#)
- [Regulations and Policies \(B-001\)](#) (in progress)
