

Welcome to the Amateur Radio

This page is a list of basic information every new ham is probably looking for. For more information specific to our club, see [this page](#).

What to Buy

Traditionally, the major radio brands were Icom, Yeasu, and Kenwood. Recently, though many Chinese radios have appeared on the market that can be much cheaper (both in cost and quality).

Where to Buy

Looking to buy some equipment, check out these pages:

- [Retailers](#)
- Our club's [Inventory](#) page.

Frequencies

Here are some good places to find out which frequencies to use:

- [Simplex](#)
- [Repeaters](#)
- [Programming your radio with Chirp](#)
