LinHT

LinHT is an open source, all-mode, Linux-based, SDR handheld transceiver currently being developed. The project is still in its very early stages, but it looks really interesting! Here are some links:

Future Canadian Ham Blogs About His Classes

Doug Nix is a future ham operator from Ontario who recently blogged really good summaries of Basic classes he took through RAC. The articles are very detailed and might be useful to others wishing to get started with Amateur Radio.[more](#)
